DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance:

Claims 1-13,18,20-27 and 38 had been previously rejected under obviousness type double patenting. A Terminal Disclaimer has been filed and Approved. The primary reason for the allowance of the claims is the inclusion of the feature of a backlight for a liquid crystal display that comprises an organic electroluminescent device; a cholesteric liquid crystal polarizing device; and a microcavity from which microcavity resonance may be achieved, wherein the microcavity has a characteristic microcavity length which is not anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. This application is in condition for allowance except for the following formal matters:

Cancellation of claims 32-37, previously withdrawn.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire TWO MONTHS from the mailing date of this letter.
